Circular

Sub : EODB: Integration of applications for generating the auto remarks for the S.P., SWD, H.E, Traffic-Street Light Remarks and integration of auto scrutiny Module of Auto DCR for Traffic (Parking Layout) as SWCS.

MCGM has upgraded the Auto DCR scrutiny module in line of scrutinizing S.P., SWD, H.E, Traffic-Street Light Remarks requirements and integration of auto scrutiny Module of Auto DCR for Traffic (Parking Layout) as SWCS.

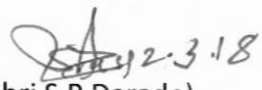

Logic regarding generation of remark/ NOC is developed in the application. Data of all concern departments are brought under Centralized GIS Server. The GIS data is integrated with Single window Clearance System.

Auto Scrutiny of the Parking layout requirements will be done through the system. The remarks required for the building proposal Department from Strom Water Drain-Internal Remarks, H.E.-P&R Remarks, Sewerage-Street Connection Remarks & Traffic-Street Light Remarks will be generated automatically, further the Traffic Parking layout are also scrutinised automatically in Auto DCR Module and there is no need to make the separate application to the respective departments. The respective Departments will be able to view the Auto generated remarks in their console.

This Circular shall be read in consonance with provisions made in the EODB Circular issued u/no. CHE/DP/49/GEN/2015-16 dated 29.01.2015.

All concerned departments are directed to take note and act accordingly. The Circular will be applicable for the new proposals submitted in Auto DCR Module from the date of issue of this Circular.

This circular is issued as per M. C.'s approval u/no. MCP/5342 dated 13.3.18

(Shri S.P. Darade)
Chief Engineer
